# PAMUKKALE MUNICIPALITY

## Project 'The Happy guest Of Pamukkale'

Denizli, TURKEY

# The beautiful view of Pamukkale...

The mineral-rich waters of Pamukkale heal the body, while the idyllic vistas restore the soul. White infinity-ponds, clear blue water, the magnificent ruins of the antique city Hierapolis, all surrounded by the Mediterranean flora...

Pamukkale is  
declared as  
World  
Heritage  
Site...

‘Wellness  
arising from  
the history...’

## WHO WE ARE

Pamukkale Municipality has been established in 2013 in the center of Denizli with metropolitan municipality law as Denizli got metropolitan municipality. Our municipality began active duty in 2014 with the local elections held in Turkey. Since established our municipality has rapidly started to complete institutionalism with its important investments in the city. In addition to investments our municipality gives attention to cultural actions with local, national and international works. Our Municipality has already carried out 2 national and 2 international Projects in the city.

Pamukkale Travertines, Karahayıt and Thermal Springs are our Municipality's and cities most important natural attributes. As well as with 320 thousand population, our municipality is the biggest town of Denizli.

Our main aim as Pamukkale Municipality is to improve quality of service. On the other side, to accelerate the work of social and cultural Works and facilities like this for the people.

Our target group as Municipality is the people who are living in Denizli. We will carry out of Erasmus+ program will be for disadvantaged young people, women, disabled people and children to fold difference in their lives. Besides we want to carry out Works for economic disadvantaged people to improve the welfare level of population in order to being a social state. Therefore, our target group is youth, women, disabled people and economic disadvantaged people.

## WHAT KIND OF ACTIVITIES & PROJECTS WE DO

Our Municipality is the largest structure in the city that provides service to people with social and cultural activities. The main planned activities are as follows:

- Works for economically disadvantaged people
- Cultural concerts, theaters and art activities for people living in the city
- Change and Development programs for young people
- Psychological Support at our Social Support and Coordination Center
- Effective seminars and conferences at suitable times
- Exchange programs of Erasmus+ and Strategic partnerships
- Vocational training courses at various issues
- Activities for women and children
- Programs for disabled people
- Seminars, meetings and conferences to develop decision making process of youth, women and children
- Common activities with all NGOs in the city
- Various sportive activities

We aim to prominence voluntariness with Projects and Works. Especially, we are suitable to carry out activities and programs for tourists coming to see Pamukkale. On the other side we are preparing the suitable environment for international festivals and camps planned for the coming years.

## **EVS PROJECT: THE HAPPY GUEST OF PAMUKKALE**

Pamukkale Municipality has been established in 2013 in the center of Denizli with metropolitan municipality law as Denizli got metropolitan municipality. Our municipality began active duty in 2014 with the local elections held in Turkey. Since established our municipality has rapidly started to complete institutionalism with its important investments in the city. In addition to investments our municipality gives attention to cultural actions with local, national and international works. Our Municipality has already carried out 2 national and 1 international Project in the city.

Pamukkale Travertines, Karahayit and Thermal Springs are our Municipalities and city's most important natural attributes. As well as with 320 thousand population, our municipality is the biggest town of Denizli.

Our main aim as Pamukkale Municipality is to improve quality of service. On the other side, we also aim to accelerate the work of social and cultural activities and facilities for our citizens. With our Project "The Happy Guest Of Pamukkale" our goal is to prominence voluntariness between üiversity students.

All volunteers will have a short time EVS for 59 days with someone from other country. So, each short time there will be 2 volunteers from different countries and in total 12 volunteers in 12 Months.

The main activity in this Project is English Speaking Lessons and Cultural Promotion lessons with univcity students. Every volunteer will vork as a volunteer teacher with 200 different univcity students. So , they will find a chance to learn about 200 different cultur and 200 different way of life. In every lesson , students will present their own cultural diffrence to our volunteers.

Predicted Main Activities:

- Voluntary Courses with Economically disadvantaged Univcity students aged between19-25 youngsters

- o English Speaking Lessons

- o Cultural Promotion Lessons

- o Other voluntary courses

- Non-formal Education methots about

- o Project Cycle Management

- o Campaign Management

- Turkish Lessons

Our target on this project is to ensure the voluntariness of young people and to be the first role model in the city by having international volunteers in our municipality.
